The Natalia Independent School District Schoolhouse Series of 1956, have been approved by John Ben Shepherd, attorney general. The schools, with unlimited tax, are for \$1,000.

Medina County farmers voted 75 per cent for the wheat referendum. There were only five able voters in the county and only one of them turned out to vote. So, one for and none against 75 per cent.

More than 120 farmers have signed up for the Soil Bank program in the Medina County ASC office. The deadline was extended until July 27. ASC officials expected a last-minute rush to the office.

Universal Rundle Corp. has laid off approximately 60 men. Talking with some of the men who were laid-off, they said the company seemed to think the amount of persons employed was going too slow for the amount of persons employed. W. S. Porter, plant manager, said it was simply "lack of business."

Arthur Gallucci, local school teacher, was taken to a San Antonio hospital Monday with Bulimia Polio. He was reported as being in his own Wednesday. This is the second case of polio reported in Hondo this year.

Farmers have until Oct. 1 to file application for gasoline tax refund. The refund covers the period of January through June.

The Little Leagues have been running up the scores lately. The Cardinals are now in first place, followed by the Red Sox. Giants come third and the Red Birds and Pirates are tied for fourth. The Cardinals are managed by Max Orta, Dick Notter and Lt. Clarence Shelton. They suffered their first defeat of the season last Monday afternoon.

Officials of the Little League are looking for large crowds during their play-offs, which start Aug. 6. The number one team will play the fourth place winner and teams two and three will be matched in the first game. Then, winners of these two games will play for the championship. Only one game will be played to determine the winner.

A new traffic light is being installed at the intersection of Ave. M and Hwy. 90. The old one needed some repairs and is being replaced by two lights—one for the highway and one for the Avenue.

Devine Merchants Set August Credit Course

The merchants of Devine and their credit managers and credit employees along with other professional credit people in the city have arranged for a week of special training dealing with the techniques of present day credit and collection procedures.

This program is a 10-hour course sponsored by the Retail Merchants Association and the Chamber of Commerce, with meetings scheduled each night, Monday through Thursday, beginning Aug. 6, 7:30 p. m. at the high school.

"Retail Credit Procedures" is the title of the course and the daily conferences will be directed by Heinz Ulrich, Retail Credit Specialist, from The University of Texas. Ulrich has been engaged in the retail credit field for a number of years and has had considerable experience as a credit consultant.

Roy A. Briscoe, says classes

will consist of owners, managers and employees of department stores, banks, furniture stores, automobile dealerships, grocery stores, drug stores and other retail, wholesale and service organizations.

This course is designed to help experienced personnel become familiar with present credit and collection procedures, and many communities throughout the state have found it profitable to business in general as well as profitable to those being served.

Enrollment is open to any person employed in the retail, wholesale, or service occupations with a small registration fee being the total cost to the individual. Additional information may be had by contacting Briscoe in Devine. Any person in neighboring towns that would like to take advantage of this course is also invited to attend.

JUDGE George Kimmey, Justice of the Peace, received several fractured ribs in an early morning crash at the corner of Ave. E and Hwy. 90 Monday. Driver of the other car was Pearl Belle

Andrews, of Pleasanton. She received a bruised leg and shock, and is in Medina County Hospital. She is 63 years of age.

Hondo AB Fire Department Selected For Ground Observers

On January 10, 1956, the Hondo Air Base Fire Department was honored to be selected to represent the Air Force in this area as Ground Observer Post Number Foxtrot Quebec 52 Black. Hondo's post is just one of thousands all over the country organized to spot and report all strange aircraft in the vicinity.

Due to the fact that some foreign aggressor might stage a sneak attack on our country and that our radar posts have their limitations, due to tall buildings, mountains and overcast skies, the Air Force has intensified its activities to organize GO Posts every eight miles along the perimeter of the United States. This organization is under the supervision of the Air Force Chief of Staff, and qualified military and civilian personnel.

All posts are connected with a direct telephone line to their local filter center for the area. Hondo's headquarters is located at the Filter Center, 822 Fredericksburg Road, San Antonio. In case of unknown planes, aircraft in distress or other vital information, not connected with Hondo Air Base, an aircraft flash message is transmitted to the Filter Center in a matter of seconds. The filter Center in

turn notifies all other organizations, whose duty it is to protect our country, through various channels, among them the Radar Units, anti-aircraft, Civil Defense and Tactical Air Force Bases. These are all combined under "Conrad," Continental Air Defense. In this manner all aircraft

Voters Slow In County Absentees

Medina County absentee voting went mild during the past few days, as only 37 votes were cast.

Those voting absentee included E. R. Ballard, C. E. Toppin, Joel Becerra, Mr. and Mrs. Edgar H. Johnson Jr., Mr. and Mrs. E. J. Williams, Raymond Burgess, Bernice Burgess, Jordan T. Lawler, Ruth C. Lawler, Lula Lee McMeans, George Heiligman, Mrs. Mattie Lee Kirby, Margie Britsch, Mrs. J. R. Duncan, Mr. and Mrs. D. C. Harper, Mr. and Mrs. Patrick O'Neill, Mr. and Mrs. Henry B. Holder Jr., Mr. and Mrs. Mike Smith, Eugene E. Kolar, R. R. Corder, Mr. and Mrs. J. Wesley Ward, Mr. and Mrs. Francis C. Richter, Kathryn Corder, Mr. and Mrs. C. C. Cave Jr., J. D. Enloe, Mr. and Mrs. D. V. Streetman and A. W. Mooney.

Regular voting will be held tomorrow, with polls opening at 8 a. m.

can be tracked across country to determine their origin or their mission, and in case of enemy planes, proper steps can be taken to insure our safety. After a course of study on Ground Observer Corps procedure, given by Sgt. Russell from the San Antonio Filter Center, all the firemen at Hondo Air Base have qualified as observers. This system proved the most efficient as there are always men on duty who are well acquainted with local planes and local procedure during flying hours.

This will prevent irrelevant information being transmitted to the Filter Center. Daily reports, other forms and manuals are kept current. Credit is given each man for the number of hours spent daily as a ground observer in order for everyone to receive their silver wings and other meritorious awards. These duties are all offered without monetary reward.

The Ground Observer Corps is usually organized in each county under the supervision of the County Judge, who appoints the Supervisor, Chief Observers, and Observers among the citizens. At Hondo Air Base, Chief Tausch is supervisor of the Observation Post. Assistant Chiefs Wernette and Moebius are Chief Observers and all the remainder of the base's 34 firemen are observers. A daily log is kept in which all aircraft passing in or near the post are recorded. Being a member of Observation Post Number Foxtrot Quebec 52 Black with the responsibilities involved is just one small way Hondo is helping in the overall Civil Defense Program.

Operating Six Months

Rustlers Captured

The Medina County Sheriff's Department, aided by two inspectors from the Texas and Southwestern Cattle Raisers Association, has broken up a cattle rustling ring, which has been operating in the county for the past six or eight months.

Sheriff Charles Hitzfelder, his deputies and J. E. Hodges and Murray Potts, inspectors for the Cattle Raisers Association, have arrested two Medina County men in connection with the rustling and have warrants for the arrest of two more.

The two men, who have signed confessions to the cattle thefts, are Victor Garcia, 28 year-old Devine man, and Juan Hernandez, 26 year-old Hondo man. The two suspects now being sought are from Hondo.

The arrests came after three calves were stolen from Arnold Griffin at Devine three months ago. One of the calves was butchered and sold to a Hondo barbecue stand, and the other two were found still alive. Other rustling has been reported from Biry and Yancey.

Garcia and Hernandez are in

the Medina County jail, after being arrested July 22. They were charged with cattle theft. Garcia is a part-time employ for Griffin.

At the same time, the local Sheriff's Department is being kept busy by juvenile delinquents. One 12 year-old youth has been charged with shop lifting and a 14 year-old for theft of money. The money was stolen from the dressing room

Local Church To Present First Drama

The Religious Drama Group of the First Baptist Youth summer program, under the direction of Jimmy Whitt, will present their production of the season Wednesday evening, Aug. 1, at 8 p. m. at the First Baptist Church.

"But The Well Is Deep" deals with the life of college students, and has a cast of twelve. Monte Williams plays the lead, with Judy Brieten playing opposite him. Others in the cast include Linda Tondre, Annie Rowlette, Nancy Stewart, Ruthie Crow, Linda Martin, Dorothy Blinks, Sara Moore, George Stewart, Harold Cornelison and Jimmy Whitt.

The public is cordially invited to attend this presentation.

Democratic Primary Set To Begin At 8 Saturday

Baptists Dedicate Building

The Devine First Baptist Church celebrated the opening of its third new building in four years last Sunday, with special dedication services following the morning worship hour.

An old fashioned basket dinner on the grounds was served to the 250 persons attending the affair. Dedication address was given by Don Rose, pastor of the church, after which he placed a stainless steel box in the wall of the new building. It contained a history of the church, several copies of the weekly news letter sent out by the church and the names of members who contributed to the spring building fund offering.

This, the newest unit of the Baptist church, has been under construction for the past four months. Costing \$30,000, it consists of two four-unit adult departments, a four unit nursery-beginner department and a wedding chapel. The new building brings the total value of the church property to more than \$200,000.

Members of the building committee were Joe E. Briscoe, chairman, and J. Travis Lilly, S. R. Malone, O. T. Baker, E. N. Sadler and Rose.

Devine Adds Water Tank

The city of Devine has added another water storage tank, behind the Harrison Motor Co.

This tank will hold 188,000 gallons of water and was tested to pump 700 gallons per minute but will be set to pump only 400 gpm.

The tank has been constructed and painted, and is being hooked up this week to start operation. This will give Devine a 400,000 gallon water storage space.

The next project to be taken up by the city will be paving city streets. This will be worked on first come, first served basis. The property owner pays 50 cents per running foot and the city will match that amount.

E. R. Rucker Heads Lodge

E. R. Rucker was installed as noble grand of the Devine 100F Lodge 133 during a meeting last Saturday night.

Other officers for next year include H. H. Robbie, vice-grand; Walter Turnbow, recording and financial secretary; and E. R. Wooten, treasurer.

DON ROSE, pastor of the Devine First Baptist Church, places a steel box inside the walls of the new educational building, during dedication services held Sunday. The box contained a history of the church, among other things.

County FB Requests More Help

Medina County's Farm Bureau has voted to ask J. Walter Hammond, president of the Texas Farm Bureau, for help in getting assistance to drought-stricken farmers and ranchers.

The Bureau felt that another letter from another county might be of some assistance in getting federal help in this area. They also said they felt local help had been exhausted and that the federal government should help in the form of extended credit and a feed program.

The County Bureau said a moratorium on an operator's indebtedness for three to five years should be declared, since many livestock owners have borrowed to the limit against their livestock chattels and real estate.

Another request came in the form of feed assistance. The Bureau feels that surplus grain should be delivered to livestock owners in drought areas for the cost of freight and administration expense. And, they also requested hay to go with the grains.

The local Bureau hopes the state office will approve the requests and pass it on the federal authorities for further study.

Directors of the Bureau will meet Aug. 6 at the Hondo Courthouse. A county-wide meeting of the Farm Bureau will be held at the Castroville Public School auditorium at 8 p. m. Aug. 14. William Watson, social security representative from San Antonio, will discuss the social security program as it affects farmers.

Voters Asked To Give Referendum Opinion

Medina County voters will head for the polls Saturday as the Democratic Primary passes through for another election year. Run-off races will be held in November.

A district attorney for this area will be chosen at the election tomorrow as only two candidates have filed for the office. They are Francis C. Richter, Medina County, and R. S. Crawford Jr., Zavala County.

Other officers to be voted on include governor, lieutenant governor, attorney general, as-

sociate justice of the Supreme Court, Places one, two and three, judge of the Court of Criminal Appeals, railroad commissioner, comptroller of public accounts, state treasurer, commissioner of the General Land Office, commissioner of agriculture, congressman-at-large, associate justice, Court of Civil Appeals, congressman from the 15th District, member of the state Board of Education, state representative, district judge and county chairman of the Democratic Party. Democratic precinct chairman will also be named in the Saturday election.

A sample ballot appears on page five of this issue of the Anvil Herald.

All 21 of the voting boxes will open at 8 a. m. and close at 7 p. m. Locations of the polling places and precinct chairman are as follows:

Precinct One, North Hondo (Courthouse), V. P. King; Two, Quilhi, Tommy Fry; Three, Dunlay; Four, Verdina; Five, Rio Medina, C. R. Haby; Six, Castroville, W. F. Naegelin; Seven, D'Hanis, Clement Finger; Eight, Haass Box; Nine, Natalia, Frank Fluege; Ten, East Devine, G. H. Briscoe; Eleven, Black Creek, Ira Barren; Twelve, Yancey, Rudy Duncan; Thirteen, Mave-rick; Fourteen, Biry; Fifteen, LaCoste, O. Sauer; Sixteen, South Hondo (fire station), Riggs Shepherd.

Nineteen, West Devine, Joe E. Briscoe; Twenty-one, industrial poll at Jake Schuehles. Precinct 20 is located at Miches.

Precinct conventions will also be held Saturday and the County Democratic Convention will be held at the Hondo Courthouse Aug. 2.

Jim Duncan, Hondo, is the County Democratic chairman.

Car Wreck Injures Two Monday

An early morning collision at the intersection of Ave. E and Hwy. 90, Monday took several fractured ribs and a bruised leg as its toll.

Judge George Kimmey, Justice of the Peace, suffered several fractured ribs while the driver of the other car, Pearl Belle Andrews from Pleasanton, suffered a bruised leg and shock.

The accident, which occurred about 8 a. m., has not kept Judge Kimmey from attending to business — he was transacting business over the telephone one hour after the accident.

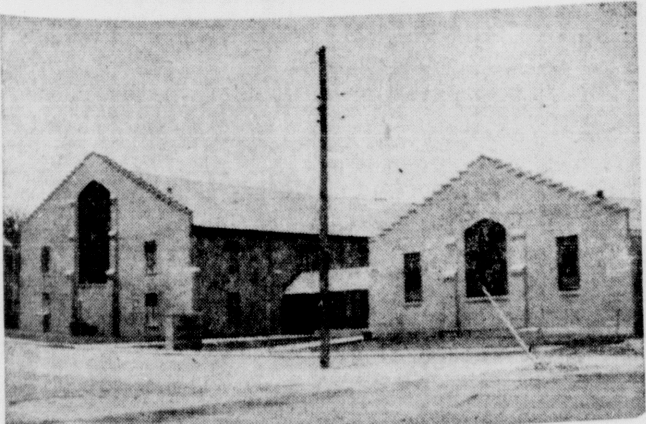

Orby Swartzell, Hondo police chief, investigated the accident.

CELSE GONZALEZ and G. U. Butler smooth out the curbing around Memorial Plaza as J. L. Lynch looks on. Lynch was low bidder on the project and plans to have it completed soon.

Work began last week. Lynch won the job on a bid of \$1,725, approved in a special meeting of the City Council last Monday.

Devine Briefs

By Don Lawrence

The Devine Volunteer Fire Department was called out July 19, to extinguish a fire at Wilkinson's Junk Yard. The fire, which caused little damage, started when sparks from a cutting torch ignited a pile of bones laying against one of the buildings.

The Devine Woodmen of the World Camp 180 contributed \$50 to the fire department for their resuscitator fund. The department is now lacking \$18 toward its \$416 goal for the instrument.

Rev. and Mrs. Douglas Rohr were given a farewell party at their home by the Church of Christ which was attended by approximately one hundred people last week.

--In Washington

By Clinton Davidson

When Washington can find more ways to raise money to result in a balanced budget, the 84th Congress has done that. Much of the credit belongs to two un-sung committees in Congress.

Those are the committees to handle tax legislation; the Ways & Means Committee in the Senate Finance Committee. Many months of hard work into the preparation of tax bills. There are no TV cameras and very few news stories.

Yet the work those committees perform has a direct effect on us. Here are some of the things you would see, and hear, if you were a member of one of the important committees.

All tax legislation must, under the Constitution, originate in the House, and that means the Ways & Means Committee. Jere Cooper of Tennessee is the Chairman and Daniel A. Reed of New York is the top Republican member.

The "work horse" of the committee and the member who probably knows more about tax legislation than any other congressman is Wilbur D. Mills of Arkansas. Mills is one of the top ranking tax experts in the country.

The first step toward tax legislation comes when the President sends his budget message to Congress. Then the Treasury Department comes up with recommendations for raising the revenue needed to finance spending called for in the budget message.

The House Committee then begins public hearings that last from 30 to 60 days. Any citizen entitled to be heard, and no one who has any suggestion is turned away. When public hearings have been completed, the Committee begins closed sessions with its own tax experts.

Then begins the tedious and complicated task of writing a bill that will distribute the tax burden as fairly as possible, and still raise the necessary revenue to run the Federal Government. A major portion of that job falls to Colin Stam who for 18 years has been head of the Senate House Joint Committee staff of experts on taxation.

Weeks later a tax bill goes to the House Rules Committee, which schedules it for floor debate. Amendments may be offered from the floor.

When the House passes the bill it then goes to the Senate and is referred to the Finance Committee, of which Sen. Harry F. Byrd of Virginia is chairman, and Walter George of Georgia is the No. 2 Democrat. Ranking Republican member is Eugene D. Millikin of Colorado.

As on the House Committee most of the Senators have served many years. Also, like the House Committee, the Senate Finance Committee calls on the Treasury for advice and then begins public hearings where those who will be affected by the proposed law may again be heard. After revisions the bill is sent to the floor for debate.

After Senate passage of a bill it then goes to conference between the Senate and House, with each of the committees naming three majority and two minority members to represent it. After the conferees have agreed, the bill goes back to the House and then to the Senate for a final vote before going to the White House for the President's signature.

Court usurpation was cited in the
case of a New York teacher, who
Eastland explained, had been dis-
charged for alleged Communist
activity. He recalled the court
restored this teacher to his post,
and forced payment of \$30,000 in
back pay.

"Now 30 New York teachers,
fired for similar activities, are
appealing for reinstatement," he
said. "This is not something that
just happened unintentionally."

The senator then reminded the
editors that the National Associa-
tion of State Attorneys General
recently took formal action to de-
nounce Supreme Court usurpa-
tion of the powers of the states.
He said the New Hampshire at-
torney general had testified at
Washington hearings that "a state
could not defend itself against a
communist conspiracy against a
state government—that the states
would have to take the law
into their own hands."

Eastland reviewed briefly the
investigation by the Internal Se-
curity Subcommittee, of which he
is also chairman, of communism
in the American Newspaper Guild.

He recalled Winston Burdette,
a Columbia Broadcasting System
reporter, had testified concerning
Communist and front affiliations
of members of the New York
guild. He said Burdette named
22 reporters who had "belonged
to a Communist cell." There is
"no doubt," he charged, "that
although Harry Martin, a native
Mississippian and former presi-
dent of the Newspaper Guild, had
"cleaned up communism" in the
guild, Communist influences re-
mained for a long time among
the guild locals of a number
of big cities, such as New York
and Los Angeles.

—FD—
After reading the foregoing des-
ertation on Communism and
what is — or is not — being done
about it, let us turn our attention
to a matter closer to home.

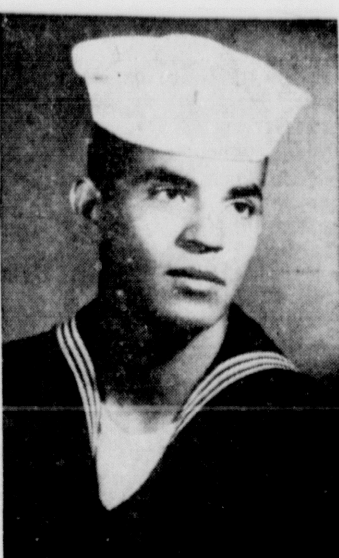

Tomorrow, July 28th, is pri-
mary election day, and we should
remember that those candidates
nominated at that primary will
be elected in November and
serve in their respective offices
for the ensuing term.

It follows, therefore, that if we
have any choice in who is to
serve us tomorrow is our chance
to make our vote serve our wish-
es.

If our man is defeated tomor-
row, we will have no chance but
to accept a second chance in
November.

And that chance may be
the one we least want.
Let's make our choice tomor-
row.

Go to the polls and vote for
your choice tomorrow!

Voting Is The Civil Duty Of All Qualified Citizens

By Jerry June Berger

It is sad, but true, that many important elections
have been decided by a handful of voters. This is
especially true in Texas where only the Democratic
Primary Election actually counts so far as electing
state officials is concerned.

Sure, there will be candidates listed for the other
parties on the ballot in the general election in Novem-
ber, but those other parties have never gotten to first
base in their efforts to elect someone other than the
person picked on the ballot of the Democratic party,
for state offices.

In other words, the voter may have no voice in
who becomes governor of Texas for the next term un-
less he gets out and votes tomorrow, Saturday, July 28.
There may be a run-off, in which said voter will have a
chance to pick the better of two candidates, but it just
might be that he has to pick the lesser of two evils.
Anyway, by voting Saturday, he can pick the best out
of six.

But you say, "I'm not a Democrat and do not
intend to obligate myself to support the winner in that
contest." Did you know that you are obligated neither
legally nor morally to vote for the same candidate on
the November ballot? That is true. And since none of
the county officers are candidates at this time and the
presidential election is only on the November ballot,
the voter could, if he desires to do so, vote for the
nominees of this primary in November while voting
for independent or Republican candidates for other
offices.

Medina County voters Saturday will choose a dis-
trict attorney outright, since there are only two men
in the 4-county area seeking the office. Therefore, if
eligible voters stay home from the polls, they'll have
no choice in who will defend our district in legal mat-
ters.

It is a civic duty of every qualified voter in Me-
dina County to vote Saturday regardless of their
political beliefs.

Grain Sorghum Plots Harvested Last Week

By C. B. Gaston

The grain sorghum plots on the Reynold Keller farm near Castroville were harvested last week. The reports have been mailed to the Extension Agronomist and as soon as they complete their study a complete report will be in this column.

A fear expressed by some Texas cattlemen that selecting replacements for breeding herds on the weaning weight would tend to lower the quality or grade of the herd has not proved true in initial reports from cooperating cattle producers. On the contrary, Texas A&M College System Animal Husbandmen, L. D. Wythe, L. A. Maddox, Jr. and J. K. Riggs, report a definite relationship between high weaning weight and high grade among the 929 Hereford and Angus calves processed in the first studies.

All calves grading Fancy average weight of 402 pounds compared with 413 pounds of calves grading good. They also found that calves tended to grade than bull calves of the same age with 19.5 per cent of the grading Fancy compared per cent for all bull calves.

Another finding was that two to three years of age over 10 years at the time calves were dropped, lighter calves than cows nine years of age. Also, a herd where replacements had been selected on basis of weaning weight since 1953, 20 calves from year old heifers sired by high-gaining bulls weighed three pounds less than from cows in the same range in age from the eight years of age.

Calves from a herd participating in the Extension cattle improvement program the first time in 1955 weighed seven per cent less than from cows of the same age herd which had been under program since 1953.

The animal husbandmen the early results are a indication that rapid progress can be made in both weight and conformation when a program as outlined in Texas Bulletin 809 is put into practice.

Alfalfa is a crop of farm uses. It is important Texas as a source of hay, ture, seed and as a soil improving crop. The supply of kind of hay never seems adequate. The varieties recommended for this area are Hairy Peruvian, Indian African. Fall seeding is best. Establishing alfalfa stands should be firm and moist. Plant 15 to 20 lbs of good seed per acre. Be to have a soil test and use fertilizers if recommended.

Colunga Takes Part In Airlift

Airman First Class Aniceto Colunga, Hondo, a flight engineer in the 433rd "Alamo" Troop Carrier Wing at Brooks AFB San Antonio, is participating in Operation Sixteen Tons, a reserve-manned airlift to Caribbean bases now underway out of Floyd Bennett Air Field, New York.

Colunga was flight engineer of one of six C-46 Curtiss Commandos that departed from Brooks AFB this past weekend for New York to begin the airlift of nearly a million pounds of long-range air navigation equipment for the U. S. Coast Guard. Eleven other Air Force Reserve troop carrier wings in the nation, in addition to the Alamo Wing, are involved.

The Alamo Wing, which trains Air Force reservists once a month at Brooks, is committed to 18 missions ferrying the equipment to four Caribbean bases for the Coast Guard. Crews will fly from New York to Miami and then to the over-water points. They will return to Brooks via the Florida station.

The airlift, largest in Reserve history, will afford air crews experience in long-range over-water flights and in airlifting maximum cargoes commensurate with the C-46 aircraft's capabilities.

Medina County Boy Scout Still Needs Two Awards

By Don Lawrence

David J. Williams, son of Mr. and Mrs. W. K. Williams of Devine, is in need of someone who can give bugle lessons.

David has been in the Boy Scouts for the past six and one-half years, during which time he has reached the highest ranks obtainable in scouting. His awards include the Eagle Scout badge with the fifth combination of Silver Palms, the Explorer Silver Award with all the nine ratings that can be earned and the Air Explorer Ace—but now, he needs bugling and skiing to add to his other 114 merit badges.

If he obtains bugling, he will get an expense paid trip to one

of Sun Valley's ski resorts, to learn to ski, which will make him the highest ranking scout in the nation.

He attended the third national Jamboree in California this year, and worked one summer at Indian Creek Boy Scout Camp.

This June, David attended a citizens conference and leaders training course at Texas Christian University in Fort Worth.

David and his whole family are sold on scouting as the best thing for America's youth.

New Pastor Arrives At Devine

The Devine Church of Christ will have a new pastor, beginning July 29.

He is the Rev. Floyd Hill, formerly of Pearsall, who preached at the Pearsall Church of Christ and was employed by the Pearsall Public School for the past two years. He was junior high school principal last year.

Thirty-two years old and married, he has two boys, who are two and five years of age. He is a graduate of Abilene Christian College and studied for his masters degree at Hardin Simmons College at Abilene and also at the University of Texas.

Rev. Hill and his family will move into their new home, which was recently purchased in the Bain Addition by the Devine Church of Christ, this week.

YANCEY NEWS

By Mrs. Harrison Wilson

M&M W. S. Garnett Sr. had a nice surprise Saturday afternoon, when some friends that they knew many years ago at Big Springs and Stanton, stopped by to see them. They were M&M W. C. Glazener of Taft. The Glazeners had attended a home coming in Stanton and visited friends in that area and stopped to see the Garnetts on their way home.

Ann Stoval and Gene Wiemers are attending G. A. Encampment at Alto Frio this week.

M&M Roy Wilson and M&M Albert Wilson spent the weekend in Eagle Pass. Russell, Patsy and Stephanie stayed with the Harrison Wilsons.

M&M Bill Faselcer came home Sunday from Rusk. They moved their cattle there to graze and visited their daughter and family while there.

Jimmie Dean flew down from Chicago last week to attend the funeral of his father, Jack Dean, of Campwood. M&M Dean were attending the Baptist Encampment at Alto Frio at Leakey, when he became ill, after the last service, and died immediately.

M&M Alan Stoval and Ann returned from a trip last week that covered a good part of east Texas. They first visited Mrs. Stoval's aunt in Beeville, then on to visit his relatives in Houston, Tyler, Longview, Marshall, Cameron and San Marcos. A nice surprise awaited them in Marshall at an uncle's home, where plans were being made for a family reunion. They were very happy to get to see so many relatives, they otherwise would have missed.

Jerry Wilson of Somerset spent the week with his grandparents, M&M John Faselcer.

Freda Lee Rucker of Uvalde, spent the weekend with her aunt, Mrs. Wilbur Wilson and family.

Guests of M&M Emil Bohmfalk Saturday night, were M&M Alan Stoval and Ann, M&M Alfred Wiemers and Jo Nell, M&M Elroy Mofield, Karen and Frances, and M&M Rolf Bohmfalk, Beverly and Ronald Edward of Hondo.

M&M Emil Bohmfalk spent one day last week with the Fred Bohmfalks in Hondo.

Key Rates, Whose Fault?

By Ralph B. Cole

Four pages, reprinted from a copy of the state key rate fire insurance booklet, is shown on this page.

According to the latest information received from the Texas Fire Insurance Department, Hondo is served water from two deep wells and has one 50,000 gallon water tank available. There are two miles of paving in the city limits, again from the latest available information from that office.

The state office also has listed one Reo triple combination hose and pumper truck with 350 gallon per minute pumper and one Chevrolet truck, with a 400 gallon per minute pumper and one 336 gallon booster tank. These are corrections up to August, 1950, and no word has been received from the state office as yet that any of the above has been changed.

The fire insurance key rate in Hondo is now 64 cents while Devine has 42 cents. And, that's not per cent. That is 64 cents on the \$100 valuation of the property in mercantile areas.

Whose duty is it to file reports with the State Insurance Office? We, to tell the truth, don't really know. Do you?

Look these reprinted pages over — then decide what can be done about it.

HERE IN HONDO

The Rev. H. S. Goodenough Sr. of Blanco was guest minister at First Methodist Church Sunday and was a weekend guest of his son and family, the Rev. and Mrs. H. S. Goodenough Jr., Kathleen and Ellen. Other visitors with the Goodenoughs Sunday were M&M E. F. Goodenough and Charles of Cuero.

QUIHI NEWS
By Mrs. Jack Sharp

M&M Charles Ward, were overnight guests of M&M B. G. Wiemers Friday.

Those enjoying a barbecue supper with M&M Andrew Schweers Sunday were M&M Henry Schulte, M&M Erwin Bohmfalk, M&M Arthur Schulte, M&M James Schulte and sons, M&M Alfred Mumme and daughter, M&M Alfred Saathoff and daughters, M&M William Schulte and Joe Nester.

Peggy and Judy Bohmfalk left Saturday for their home in Houston after a visit in the home of M&M Clinton Wiemers, who were accompanied by Sharon Wiemers, who were for several weeks with her mother, Mrs. George B. of Yorktown.

Mrs. Ida Mae Cole and daughter, Betty Jo, Dorinda, were Saturday afternoon guests of M&M B. G. Wiemers.

PAGING THE LADIES

Mrs. DORA FASELER, Hondo, provided musical background for a fashion show held on the Texas State College for Women campus last week. The show was presented by members of the Fashion Show Workshop at TSCW, a one-week course in the latest methods of organizing such shows.

Mrs. Faseler Completes Fashion Workshop

ENTON, TEX. — Mrs. Robert Faseler, homemaker, completed a one-week Fashion Show Workshop at Texas State College for Women, during which time she studied the latest methods of presenting fashion shows and assisted in organizing and modeling a special presentation for all students and faculty at the college.

The workshop was directed by Mrs. Bethel M. Caster, associate professor of clothing and textiles in the TSCW College of Household Arts and Sciences, who directed 65 fashion shows at the State Fair of Texas in Dallas and has appeared with her students in TV programs on many occasions.

Mrs. Faseler will continue her work at TSCW with courses in modern textiles and modern fashion this summer. She will be teaching at Hondo again this fall.

Mrs. Faseler and other members of the workshop spent one day in Dallas, where they conferred with executives of a leading specialty store and attended a fashion show. Representatives of other Dallas and Denton firms addressed the group during their campus sessions.

Mrs. Faseler was in charge of publicizing the fashion show presented by workshop students at the public Friday, July 20. Workshop on clothing construction for selected county home demonstration agents ends July 21 and will be repeated for another group July 23-Aug. 4.

HERE IN HONDO

M&M R. B. Laughlin of Houston were weekend guests of the Jake Schuehle. Hunter Schuehle went back with the McLaughlins for a few days stay. Mrs. Jake Schuehle, accompanied by Mrs. Lenore Schuehle, left Thursday for Houston, returning with Hunter on Sunday and leaving Judy Schuehle for a two-week stay.

While in Houston, the children were honored with a swimming party at the Shamrock Friday evening. Mrs. Lenore Schuehle was honored with a dinner party at the Houston Club.

Mrs. Bob Baker and children of California were visitors in the home of M&M J. F. Smith last week.

Hunter Schuehle will leave for Camp Cayoca on the 29th for a two-week stay and his brother, John, leaves for Boy Scout Camp at Ingram for a one-week stay.

Miss Monette Schweers, who is attending Southwest Texas Junior College this summer, visited her parents, M&M M. F. Schweers, last weekend. Miss Schweers was one of the entrants in the Miss Southwest Texas contest held recently at the college pool. She was sponsored by the Uvalde Kawanis Club.

Misses Connie and Roxene Schweers, Joylene Tilley, Carol Dee Parsons, and Graydene Rogers, returned home Saturday from a week's stay in Abilene, where they attended the McMurry College Summer Band Camp and Twirling School. Richard Corder remained for another week.

In the try-outs for places in the concert band, Richard Corder placed first in the saxophone section, Roxene Schweers placed second out of a group of seventy-five clarinets, and Joylene Tilley placed eighth in the saxophone section.

Political Announcements

TO THE VOTERS OF MEDINA COUNTY:

You are urged to vote in the Primary Election on Saturday. This is the only opportunity that you will have to participate in the Election of State and District Officials.

There are no county nor national officers on this ballot. You are free to vote for whomever you wish for President or for County Office in the November Election.

Of course, as a candidate for District Attorney, I am personally interested in there being a large vote in Medina County. A large vote in Medina County would greatly help me in being returned to the office of District Attorney.

Your vote and support of my candidacy in the Primary Election would be deeply appreciated.

FRANCIS C. RICHTER (Paid Pol. ADV.)

Notes: The following schedule of rates for political announcements in this paper entitle the candidate to publication of his name and the office which he seeks in this column from the time of the first Democratic primary; then if there be a runoff election, his name will be carried up to time of the runoff election.

NOTE: Political advertising in this paper will be accepted at the same rates as applied to all other types of advertising. All political advertising is PAYABLE IN ADVANCE complying with State laws governing the acceptance of such advertising. All political advertising submitted for publication must be signed.

KILGORE'S CAPITOL COMMENTS

By Joe Kilgore

ACTIVITY around the Capitol these days is somewhat reminiscent of a family during the last few minutes before leaving on vacation when doors and windows are locked, the appliances unplugged, water heater turned off and the dog taken to the neighbor's.

In this atmosphere it is sometimes difficult to stay abreast of important legislation. So measures get a lot of fanfare and some pass with little notice.

One of the latter type came out of a subcommittee and committee of which I am a member, and passed the House this week. It then went into a conference committee I served on to work out the variations in the language in the House and Senate bills.

We agreed upon a compromise and it should be on the President's desk in a few days.

Several people from the 15th District wrote or sent telegrams about the bill. It is a bill recommended by the Hoover Commission as a principal step to revise the Federal Government's accounting and budget procedures. Other legislation and reorganization must follow, but this was the first and biggest step.

Some fiscal experts are convinced that such a modernized budget and accounting program can produce annual savings up to \$4 billion. I am happy to have had a part in the passage of this bill.

THE CALENDAR for what is probably the last week of the session includes scores of bills yet to be considered. It is quite obvious there will be many late night sessions these last few days. We will still consider bills on supplemental appropriations, Civil Rights, States Rights, Housing and Home Finance, Retirement and Executive Pay, Social Security extension, Atomic Reactor construction, Automobile Dealers, various changes in the revenue and tax laws, Customs

simplification and many, many others.

THE HOUSE adopted the conference report on the transportation bill thus clearing it for the President. The bill eliminates the 10 per cent tax on transportation to Central and South America and all points in Mexico and Canada more than 225 miles distant. I still feel the tax should be eliminated entirely, particularly since it was not a revenue measure, but designated to discourage travel during the war years.

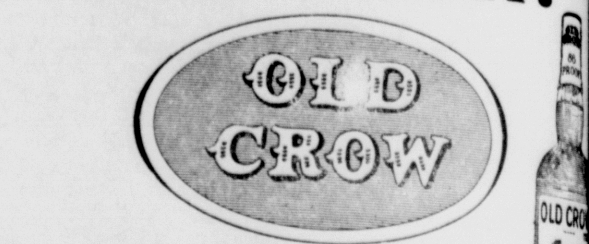

TEXANS are traveling all over the world this year. The Passport Office of the State Department reports that of the 352,745 passports issued or renewed to United States Citizens during the first six months of this year (an increase of 8.8 per cent over the same period last year) that 11,840 were issued to Texans.

IT IS INTERESTING to note that approximately one person out of every 20 making up the entire population of the United States is a naturalized citizen.

WATER is a constant concern to all of us. Thinking about this the other day I gathered some figures about water use and they are interesting. At present this nation uses considerably more than 200 million gallons daily. Each of us uses an average of 145 gallons daily, but including all water uses the figure climbs to 1,200 gallons daily. Seldom, too, do we think of water for our cars, except a little for the radiator from time to time, but it takes six gallons of water in the refinery to make every gallon of gasoline we burn.

To the Voters of Medina County

It has been my purpose and desire to see individually every voter in the County and District, but only one who has tried, knows how difficult and impossible that is. I take this means, therefore, of again soliciting the votes and support of those whom I have seen, and saying to those I have not seen that I will greatly appreciate their vote and support.

I have nothing to gain personally from this under-paid office, (about \$3000.00 for two years service). The only gains I can make and want to make are those made with and that are in common with the men and women of this District. What is best for your interests is also best for mine, because I am identified with every interest of the District; the business, the ranching and the farming. I have, through the years, done and am doing it all. I have but one ambition and purpose in wanting to represent you in Austin, and that is to serve with all my experience and ability the entire citizenship of the District.

I will work for more WATER; more and better HIGHWAYS; better SCHOOLS and better pay for Teachers, and for HONESTY and INTEGRITY in our State Government. I believe I have the energy and intelligence to get results. ASK MY NEIGHBORS!

I thank everyone for being so courteous to me during my campaign.

Money Voted For Defense Is Deposited In Soil Bank

Editor's note: The Seco Philosopher on his Johnson grass farm discusses banking this week, a subject he's invariably confused on.

Dear editor
Sometimes you have to read some news out of Washington two or three times before it soaks in. The other day I read where Congress had voted 800 million dollars for the air force to build more jet bombers and Defense Secretary Wilson said he didn't need it, didn't want it, take it back. I didn't pay too much attention to this at the time, figured the next day's paper would have a denial in it, saying Sec. Wilson had been misquoted again. But as luck would have it, I got hold of a paper the next day and sure enough, Sec. Wilson was resisting that \$800 million, and a few days later I got hold of still another paper, somebody had used it to wrap up a piece of ice and while it was pulpy and a little hard to read, I managed to find out it was a fact, one department in Washington was saying the United States Congress had voted it too much money.

I can't understand this, I know it's been hot in Washington, the same as it has here, but this is

the worst effect of the heat I've ever seen.

At any rate, I've been thinking. As I understand it, Sec. Wilson says he will have no use for it now he'll put it in the bank, didn't say what bank, and I was just wondering, why couldn't he put it in the Soil Bank? As I understand it, the Soil Bank is turning out sort of like some other phases of banking. That is, occasionally a bank will advertise that it has money to loan, but when I go in and inquire about it, the story is a little different from what I had hoped for. The size of the loan, and its terms, fall considerably short of what my situation demands.

This Soil Bank sounds fine, but when they get down to the size of the check they can write out for you, the story is a little different.

And I was just thinking, why can't Sec. Wilson turn this unwanted money over to the Soil Bank? That's one department that could use a little more. This country may be producing jet bombers at a satisfactory rate, but right now the production rate on solvent farmers is a little low.

Yours faithfully,
J. A.

PERSONAL

By Jerry June Berger

The famous author KIPLING once wrote a story which he named "The Light That Failed," and that is also a good title for what happened to most of Medina County Wednesday night for a little over an hour.

W. F. GAUDIAN, manager of the Hondo Electric System, says the power failure was a result of a line breaking near the power station at Lytle.

Power of the Medina Electric Cooperative was affected too. We talked to JOHN LEGER, who is the power engineer for the co-op, and he estimated that at least 100 of their customers called up and wanted to know what was going on. Their power was off not only in the Hondo area but around Devine, Pearsall, Dilley, Cotulla and Frio Town.

The Atlantic Pipe Line Company sub-station out at Quibi has to shut down when the power is off too.

MR. LEGER says, though, that by far the most important caller each time there is a power failure is MRS. ROBERT B. BREITEN JR. of Dunlay. Her husband, a polio victim, must spend four hours a day and all night every night using a chest respirator, and two hours each day is spent on a rocking bed. So electricity is vital to them. He was using the chest respirator at the time the power went off Wednesday night.

THE BREITENS have a spare respirator which operates on a 12 volt battery for such an emergency, but is it not as trustworthy as the regular one. The situation becomes especially inconvenient when the power surges on for a few minutes just long enough to change back to the electric model, and then goes off again requiring another change.

As you can see, missing part of a TV program is insignificant compared to the importance electricity plays in the lives of some people. For some people, it is life itself.

Back at a tellers window in Hondo National Bank for the past two weeks was MRS. HARRY (VIRGINIA) MUELLER JR. She has been filling in for HENRY MARTIN FINGER, who spent part of his vacation in Mexico and the remainder of it resting from his vacation.

VIRGINIA is vacation bound next week. She and a cousin, CHARLOTTE WOODS, are planning a trip to Hamlin to visit her mother.

We know of at least one Hon-

APPEARANCE

doan who wasn't a bit interested in taking a vacation. He is E. J. JOHNSON, depot agent in Hondo for many years, who previously has just kept right on working during his assigned vacation. But this year Southern Pacific sent the word around that all employees would take their allotted time off. So he did.

Incidentally, working conditions should be more pleasant at the depot these days. We note that the office has recently been air conditioned.

PA

Dieting seems to be the vogue these days — at least so think all the leading ladies magazines, for all of them have come out with a sure method of losing weight in recent issues.

The best we have seen was published last week in the Carizo Springs Javelin. So, for those of you who want to lose ALL your weight, here it is:

Monday

Breakfast: Weak tea.
Lunch: 1 bouillillon cube in ½ cup diluted water.
Dinner: 33 oz. prune juice—gargle only.

Tuesday

Breakfast: Scraped crumbs from burned toast.
Lunch: One doughnut hole, without sugar and 1 glass dehydrated water.
Dinner: Casserole of split frog eyelashes—hot.

Wednesday

Breakfast: Boiled out stains of table cloth.
Lunch: One guppy fin.
Dinner: Bee's knees and mosquito knuckles sauteed with vinegar.

Thursday

Breakfast: Two lobster antennae.
Lunch: 3 poppy seeds.
Dinner: Fillet of soft shell crab saw.

Friday

Breakfast: Shredded egg shell skins.
Lunch: Belly button from navel orange.
Dinner: 3 eyes from Irish potato—diced.

Saturday

Breakfast: 4 chopped banana seeds.
Lunch: Broiled butterfly liver.
Dinner: Jelly fish vertebra a la book binder.

Sunday

Breakfast: Pickled hummingbird tongue.
Lunch: Prime rib of tadpole.
Dinner: Tossed paprika and 1 clover leaf salad.

(Note: A glass of steam may be taken between meals for snack.)

Devine Fire Quickly Extinguished

"Very little damage" was reported by the Devine Volunteer Fire Department, following a run last Friday.

The fire, which was at the home of Mr. and Mrs. Edward Thayer, one-half mile west of Calome's country store in Devine, started after a lighted cigarette was dropped into a pile of rubbish. The trash was stacked against the east side of the outside wall.

Be careful how you vote. Vote for H. O. Niemeyer for State Representative. Qualified, experienced farmer, rancher, business and school man with college degree. ADV.

As we said before—

It's a Great Time to Buy a Buick

WE'VE BEEN SAYING for some weeks now that you really ought to come see us for the buy of your life—and we're not fooling.

There's never been a better time to buy a new Buick than right now—and we list here 3 solid facts that make this gospel.

Fact No. 1: Since it's only July, you have a lot of wonderful driving weather ahead.

Fact No. 2: Your present car is at its peak worth right now.

Fact No. 3: Buick gives you more solid automobile for your money

than ever before—as witness how Buick outsells every other car in America except two of the well-known smaller ones.

So why hold back another week, another day?

Why deny yourself the fun of bossing the mightiest Buick V8 yet?

Why pass up the world's most luxurious ride—and the magnificent ease of handling that goes with Buick's great new travel?

Most pointedly, why miss out on the most modern thing on wheels—Variable Pitch Dynaflo.*...

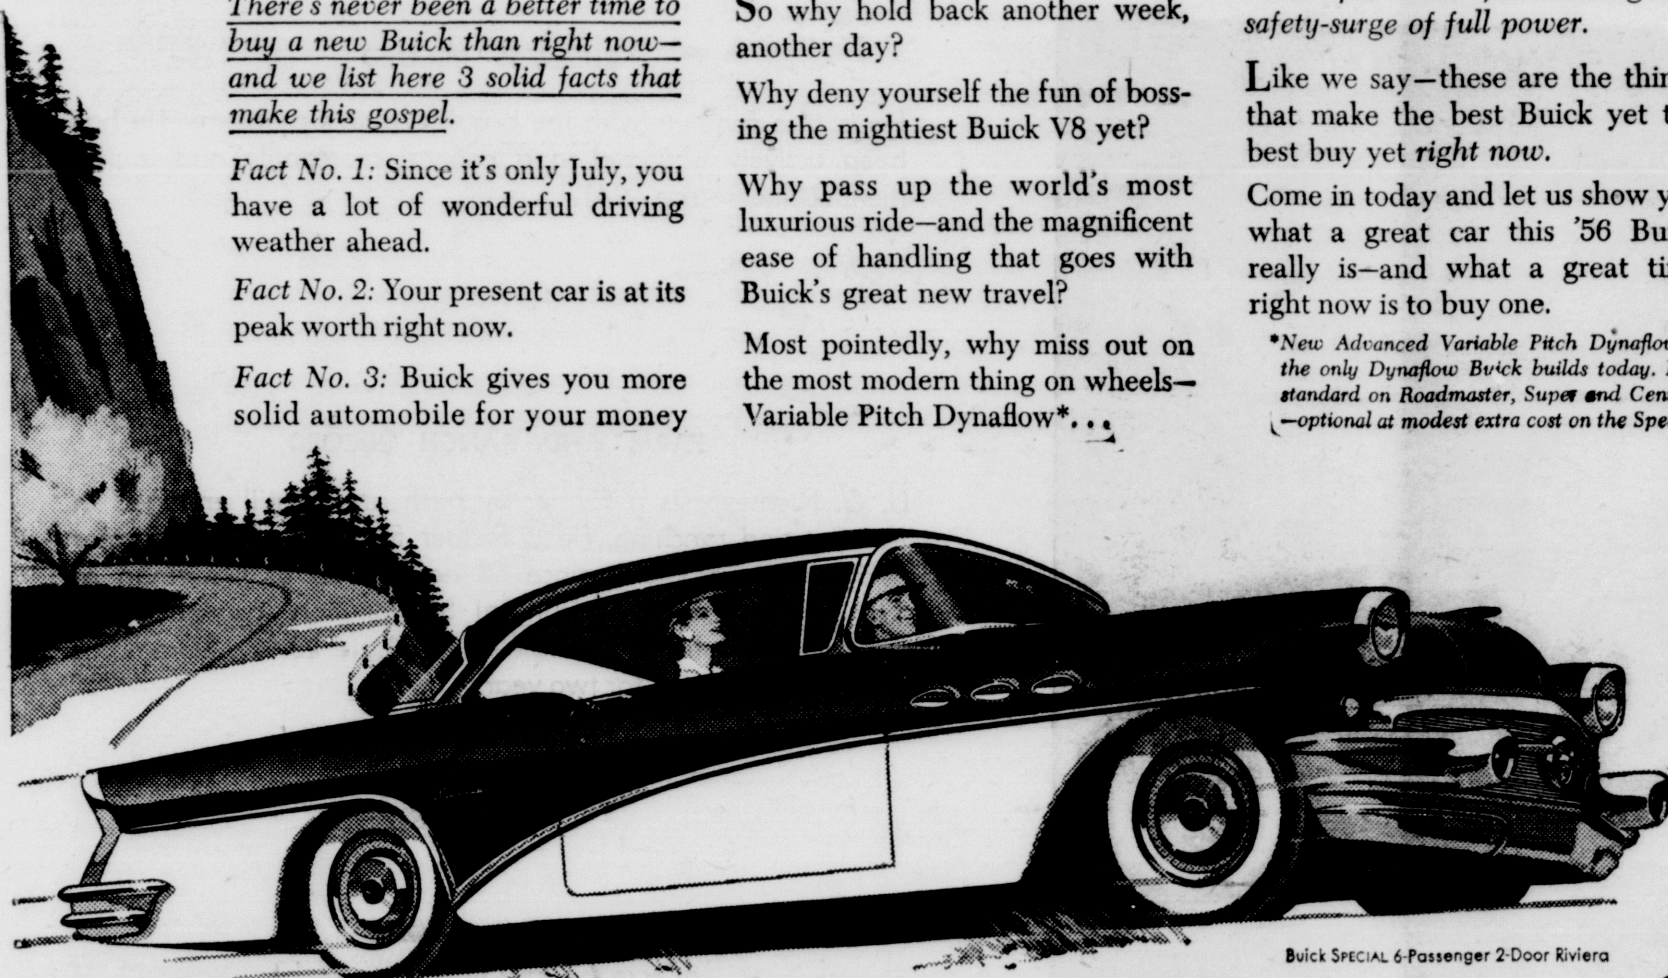

Where the top inch of pedal travel gives you brand-new getaway, plus brand-new gas savings...

And where you can switch the pitch—like a pilot does—for a blazing new safety-surge of full power.

Like we say—these are the things that make the best Buick yet the best buy yet right now.

Come in today and let us show you what a great car this '56 Buick really is—and what a great time right now is to buy one.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Ministers To Gather For Meet

Texas ministers will gather at the Southwestern University campus July 30—Aug. 2 for the 36th annual Pastors School. Sponsored by the Board of Education of the Methodist Church and the six conferences of Texas Methodism, the Pastors School offers an opportunity for fellowship, study, change of views, discussion of methods, and inspiration from lectures and addresses.

Outstanding speakers include Dr. Gerald O. McCulloh, Director of the Department of Theological Schools of the Board of Education, Nashville, and Bishop P. H. Pierce Corson, Resident Bishop of the Philadelphia Area of the Methodist Church. Bishop Corson gives a series of talks on "The Christian Witness in an Age of Crisis," and Dr. McCulloh's subject is "The Message of Salvation." Lectures are scheduled for 11 a. m. and 7:15 p. m. daily.

Leaders for the seminars are Dr. Albert Holland, president of the Irish Conference; Dr. Campbell Wray, Director of the School of Sacred Music, Southwestern Baptist Theological Seminary, Fort Worth; and Dr. J. Richard Spann, Director of the Board of In-Service Training, Nashville.

The Reverend Horace King, San Antonio is in charge of the previews. Reverend E. Y. Seay is song leader for the Pastors School. The Board of Management includes Dr. E. H. Stellman, Southwestern University, dean; Dr. William C. Finch, president of Southwestern, associate dean; Dr. Harrison Baker of Dallas chairman; Marshall Rhew, chairman; E. H. Lovelace of Redburg treasurer.

Representatives on the board from the six conferences are Dr. Alvin Gafford and Edward Knox, Central Texas Conference; Dr. Harrison Baker and Luther Hoggard, North Texas Conference; Dr. Wayne Cook and Doyle Rag, Northwest Texas; A. M. Combs and Thomas Sepulveda, Grande Conference; Theodore Leonard and Ed. Lovelace, Southwest Texas; and Leslie LeGrange and Nolan Vance, Texas Conference.

In conjunction with the Ten Pastors School a Church Music Institute will be held. Sponsored by the Southwestern University School of Fine Arts, the institute is a workshop for ministers, music, organists, choir directors and others interested in church music.

Miss Bippert Awarded Scholarship

Miss Ora Lee Bippert, daughter of Mr. and Mrs. Charles Bippert, Devine, has been awarded a \$500 scholarship to Southwestern University in Dallas. The scholarship was awarded to Miss Bippert for having achieved a better than "B" average all subjects during her freshman year at SMU. She is a member of Alpha Delta Phi, Alpha Zeta Chapter Sorority and Mu Phi Epsilon, national music honor society. Miss Bippert will begin her sophomore year at the University in September.

District Court

Joe Leishing, DWI, fined \$100 plus three days in jail.

their billion-dollar-a-year state government should have the benefit of the same type of efficiency expert techniques that aid private enterprise.

Ben C. Belt, president of Gulf Oil Corporation, Houston, is chairman of the 72-member board of directors. Alvin A. Burger, a nationally-recognized government research expert, is executive director. A modest office suite two blocks west of the Capitol houses the 21-member staff.

TRL was set up as a non-profit, non-political, educational corporation. It is prohibited by its charter from lobbying for the adoption of any of its recommendations. It can undertake a survey only at the request of the department concerned.

Apparently these restrictions have not hampered its effectiveness. While its analyses may turn up faults and criticisms state agencies are standing in line for its services. Recommendations from surveys made so far have resulted in far-reaching administrative and legislative changes.

Agencies now working toward league-suggested goals include the state hospital system, University of Texas, and the public school financing (Gilmer-Aikin) program.

A State Library Commission survey is to be ready in about two weeks. Reports on the Department of Public Safety and Board of Control are to be completed by the end of summer. A mammoth State Highway Department analysis is due for release in September.

Slated for beginning in 1957 are studies of the Department of Public Welfare and the Youth Development Council.

SHEPHERD URGES ACTION

— Atty. Gen. John Ben Shepherd urged the House Investigating Committee to conduct full on-the-ground hearings to uncover election frauds in Duval and surrounding counties.

Shepherd's comment on the situation came as the result of a wire Rep. Wade Spilman, chairman of the committee, sent to C. B. Dick of Laredo, Dick had requested an investigation of absentee voting practices in Webb, Zapata, Jim Hogg, Duval and Starr Counties.

In a wire to Spilman, Shepherd cited a group of bills introduced in the last legislature, at the request of his office, and the Texas Press Association. "The measures, he pointed out, would eliminate such situations now exist in the South Texas area.

All the bills, Shepherd said, failed to win legislative approval.

"Since 1953, we have tried to interest legislative agencies in the cleanup of Duval, and your committee will discover, as we said, that the same thing that happened there can happen in any county where a political boss can control election officials and machinery and the judicial processes," Shepherd said.

The bills to which he referred would open meetings of public agencies, allow full inspection of public records, protect reporters' sources of information, require full publication of financial statements of counties and school districts, require an audit upon pro-

PRAYER FOR THE LORD

O GOD, heavenly Father, Jesus Christ has promised to all that freedom, and the righteousness necessary to their bodily sustenance. Send us, we beseech thee, such necessity, such moderate rain, may receive the fruits of thy and thy Honour; through Amen. Amen.

PRAYER IN TIME OF DROUGHT

O GOD, heavenly Father, let rain doth fall, and the earth BEHOLD, we beseech thee, people; increase the fruits of heavenly benediction; and and dearth, which we now our sins, may, through thy turned into plenty; for the Lord, to whom, with thee all honour and glory, now promote it be. Amen.

MORE DROUGHT AID SOUGHT — A committee of 175 Texas agricultural leaders, called together by Ag. Comm. John C. White, is working for two-way expansion of federal drought assistance.

Goals include a six-point credit program and direct subsidies of \$10 a ton for buying hay and other roughage.

County Judge W. S. Pickett of Karnes County heads an 11-member group designated to push the program.

RIGHT OF WAY BUYING URGED — Getting the "right of way" is the only major obstacle likely to delay the federal highway building program in Texas.

Enough road building equipment now is on hand to double the present work capacity within two years, said members of the Texas Highway Branch of Associated General Contractors.

Cities and counties which can do so were urged to buy up roadway immediately.

Other needs foreseen by the industry include the use of prestressed concrete, to get around the steel shortage; and higher state salaries for beginning engineers, in order to compete with federal employees.

SHORT SNORTS — Dr. J. W. Edgar, Texas Commissioner of Education, has been chosen to receive the 1956 A. Harris & Co. Texas Award, presented annually to the Texan who has contributed significantly to the advancement of American life.

Presentation will be made Aug. 15 in Dallas . . . Thirty-nine new industries were established in Texas during the first quarter of '56, announced the University of Texas Bureau of Business Research. In addition, 71 companies expanded . . . Texas savings and loan companies have made fewer loans, and for less money, in 1956. Total loans dropped 10 per cent in number, and 3 per cent in value, from 1955, according to the Federal Home Loan Bank of Little Rock . . . Texas Board for State Hospitals and Special Schools has voted to ask the next legislature for a \$14 million increase in its 1957-9 budget. Total amount sought is \$40,808,816.

District Dress Revue

Lynette Saathoff, Medina county Dress Revue winner, and home demonstration agent, will spend July 31 and August 1 in Laredo, attending District Dress Revue and a District meeting. Lynette has made a centerpiece, which she will model at a party dress. She is the daughter of Mr. and Mrs. M. Saathoff and is a member of the Castroville Junior League.

D'Hanis 4-H Club
Charles Edmonson presided at the D'Hanis 4-H club meeting Tuesday evening, July 17. Twenty-five boys and girls attended. C. B. Gaston met with the club and Mrs. Strayhorn demonstrated methods of preparing food for the girls. In a joint meeting the group divided, the recreation leaders and officers met to learn how to plan a good evening's entertainment while the others played games led by Ellen Langfeld.

Short Cuts for Meals

In this warm weather quick and easy foods — pared mixes, meats, fish, chicken that are pan-ready, quick-fix fruits and vegetables — build a quick meal around a ham, luncheon meats or corned beef or fish. Add a crisp salad, a succulent in vegetable and your meal is made. For quick desserts, try fresh fruits, ice cream puddings and cakes made from easy mixes.

CONCLUSIONS

To the eye, the sleek torpedo shape of the new Corvette and the long, massive lines of the new Chevrolet are far different. But these two champions have one superb quality in common—both were born to cling to the road as though they were part of it!

Matter of fact, Chevrolet's astonishing roadability—its precision ball-bearing steering, wide spaced rear springing and beautifully balanced weight distribution—are the major reasons why Chevrolet is America's short track stock car racing champion. It can *and does* out-run and out-handle cars with 100 more horsepower. When you wed this rock-solid stability to superb engines such as the 225-h.p. V8 that flashed the Corvette to a new American sports car record—then you get a real championship combination. Stop by for a sample.

HONDO

SPEAKING OF SPORTS

By Dr. John H. Jennings

Braves Bouncing Back

The Hondo Braves continue to come on strong as the last three weeks of Hwy. 90 unfold... and the strong finish is absolutely necessary if the Braves are to make the play-offs. Last Sunday, Hondo met in a fourth place showdown at Rio Medina and came home with what they went after, winning 6-2. Rio and Hondo are now tied for the fourth spot, with D'Hanis just a wee bit ahead in third place.

Hondo was never behind last Sunday, jumping off to a lead in the first inning. Big Blanton Taylor was master of the situation as the winning pitcher, bearing down as the occasion demanded. Taylor chipped in with the long blow again. He hit the only home run of the contest — something he has done rather consistently lately.

Next Sunday will find another showdown battle at Rio Medina — this time with D'Hanis as intruder. Rio has to have a win to keep its fourth place tie, and D'Hanis needs the win for breathing room. Hondo should have an easy time of it Sunday as they journey to Quihi. However, NO ball game is won just because you supposed to win it.

Contenders Schedule

The last of the Hwy. 90 schedule for the three third and fourth place contenders is as follows: Hondo has three games away from home in Quihi, Castroville and LaCoste.

Rio Medina has D'Hanis, and LaCoste to play while D'Hanis has Rio and Castroville to encounter away from home.

Castroville and LaCoste can shuffle for first and second place.

Braves Saturday Nite

Manager Parsons is trying to keep his Braves active, so besides playing Quihi Sunday, he matched a Saturday night game here against the San Antonio Oilers — an all-colored team. Hondo's well known Frank Holden manages the Oilers and says he will have a top pitcher ready. Parsons may use Taylor so it may turn out to be a very interesting and entertaining game.

Junior Golf Tournament

Pro Joe Mitchell, in trying to keep pace with all the golfing interest shown at his HAB Course, has set up a Junior Golf Tournament for this Friday at 10 a. m. About 13 to 15 boys will be entered.

Those signed up to date are Richard Woodrum, J. H. Meyer, Robert Landers, Billy Hardy, Billy Potsavitch, Mike Bali, Harry P. Haltman, Cliff Sadler, John R. Schuehle, Melvin Pack, Jerome Reinburg, Fred Atkinson and John Charles Hartman.

All these boys are pretty fair golfers and it certainly is a wonderful thing that we have a golf course so handy for these young aspirants to improve their talents — and to have such a wholesome place for them to spend their time.

Hondo Sweepstakes Results

A sweepstakes tournament was runoff last Sunday at the HAB course — 27 local golfers entered the point system affair. Teams of three were assigned by Pro Joe Mitchell. Each player was expected to get a certain number of points. For example, a birdie equalled three points, a par two and one over par 1. Joe Mitchell got the most number of points for an individual, with 37, while Egan and Lt. Dwyer were next with 32 each.

The teams and individuals are listed to the right, with expected or assigned points on the left and the points they actually made on the right.

D'HANIS NEWS

Rev. and Mrs. Richard Cantwell and daughter of Oklahoma City, Okla., and Mrs. Raymond Laughlin of San Marcos visited their aunt and uncle, M&M Carl Rudinger, last Tuesday. During the week their other guests were M&M Jimmy Wolff of Pleasanton.

Del Rio Tournament

About 17 to 20 local golfers will journey to Del Rio Sunday to enter a sweepstakes tournament in that City. Most of the players will take their families as the country club with all its dining, swimming and recreation facilities will be made available to them.

Since the advent of the HAB Course, Hondo golfers have been making themselves known throughout the area, and in spite of the newness of it all, have been doing alright and have been good representatives.

Junior League Battle

A real old fashion ball game was runoff in the Junior League last Monday — a 1-0 game. Little Tony Garcia, who is about as big as the bat he uses, came through with the game winning hit. The boys are certainly enjoying their baseball — and even though it takes a lot of their time, the managers and coaches are having their rewards by seeing how much the boys enjoy being on a regular baseball team.

Last week found the only undefeated team, the Cardinals, fall from that proud position.

Erosion Takes Toll

Wind erosion has taken its toll with much of the land in the Medina Valley Soil Conservation District this year.

Many long-time residents of this area have commented that this has been one of the windiest years they can remember. Most of the coarse sand and sandy loam soils of this area have been damaged, and many areas of fine textured clay and clay loam soils have blown to some extent, where they have been left bare.

Lack of cover and severe dryness of the soil have been the main causes of wind erosion, but most sandy soils are damaged every year, when they are not handled properly. The only prevention to wind erosion is to make it a yearly habit to apply proper measures to hold the soil in place, just as though every year were going to be as dry as 1956 has been so far.

Plans should be made right now to leave enough of this

year's residue, old stubble, or even weeds, to protect the soil next winter and spring. Once the windy season has begun, it is too late to provide the residue and soil condition necessary to prevent erosion.

Prevention

Here are some of the things that can be done to prevent wind erosion on very coarse sands and sandy loam soils:

1. Leave all crop residues on the surface of the soil — never graze stubbles to the ground in the fall or turn them under in the fall.

2. Use late seedbed preparation. Prepare land for planting only just before planting and if necessary leave small strips of last year's stubble or weeds to protect small crops from blowing out.

3. Plant on the contour or crosswise to the prevailing wind.

4. Use strip cropping in a ratio of four rows of close growing crops to eight rows of clean tilled crops.

5. Seed fence rows, turnrows, and out areas in fields to buffelgrass or other perennial grass when moisture is adequate to get a stand.

6. If possible, stir coarse sand only when there is moisture in the top six inches of soil.

In the Harlingen area, vegetative wind strips are being used successfully, in preventing wind erosion, and in some areas, even tree strips of Athel, Eucalyptus, Russian Olive, etc. are being used.

New Tanks

Tanks have been staked and are under construction on the Robert Riff, Benjamin Dejoirno, Milton Heyen, George Graff, J. Henry Riff, and Lee Cameron farms.

Van De Walle and Sons have completed irrigation land leveling on 43 acres of their farm near Castroville so far this year. Irrigation reservoirs are being built on the Ray Trimmer farm south of D'Hanis and on the

Emiel Van Damme farm near Devine.

Max Grossenbacher, who lives at Eagle Pass, is in the process of clearing brush from 97 acres of his land near LaCoste and Pearson. Pat Lamson is over-seeing the project and will farm the land after it is cleared for cultivation.

Joe Patton, who ranches in the northwest corner of the district near Utopia, is constructing 5,600 feet of level ridge type terraces on some of his cultivated land. He is also practicing deferred grazing at present on 2,180 acres of his rangeland.

Long-time, complete conservation plans for soil improvement and protection have recently been made on the R. Q. Stinson, Daniel Keller, T. J. Grimsinger, Maurice DeCook, Freddie DeGrodt, and Jim Amberson farms and ranches.

H. Reitzer Buried At Uvalde

Funeral services for Harry Reitzer, a native of D'Hanis, were held Saturday in Uvalde. He was the son of the late Mr. and Mrs. Ben Reitzer.

He is survived by one daughter, five sisters and two brothers. His sisters are Olga, Etta, Della Jane, Lucille and Dorothy and brothers include Leroy and Julius. His youngest brother, Calvin, was killed during World War II.

Reitzer died Thursday in a Kerrville hospital.

To My Friends In Medina County:

During the time that I have served you in the Senate, I have come to know Lieutenant Governor Ben Ramsey well. I have served with him, first as a Senator and later as Lieutenant Governor. From this association I have come to know his views on government and the duties and responsibilities of a public official. I know he is honest, sincere and impartial.

I, therefore, sincerely believe that our Senatorial District will best be served and represented by Ben Ramsey as Lieutenant Governor, and I would like for you to vote for him.

Sincerely,

R. A. WEINERT
